

Statement of Philosophy

Lee's Summit Christian Church supports Stepping Stones Preschool programs because we believe each child is a special gift from God and that it is important for children to experience the love and nurture of caring adults outside their home environment. These programs provide an environment that is conducive to the physical, social, emotional, and cognitive development of each child in our care.

Christian values and morals are taught to our children through the actions and love of our staff; chapel once a month, Worship services on Thanksgiving, Christmas and Easter and prayer before snacks and music.

Watch Us Grow

We use a "Cognitive Oriented Curriculum" for a "Hands On" approach to learn and remember skills. Classroom time provides many opportunities to learn skills needed by the preschooler. These skills include fine and gross motor skills, socialization, introduction of letter sounds and recognition, number concepts, verbal skills, and growth towards independence.
